

Trans Tasman Gubbi Gubbi 2022

Junior Sprints: V1, V6, V12

Lake Kawana at Sunshine Coast, QLD

Dates: 30 September – 2 October 2022

Welcome Message AOCRA

On behalf of the Board of the Australian Outrigging Canoe Racing Association (AOCRA), it is with great pleasure that I welcome all junior athletes, coaches, sponsors, officials, guests and supporters to the 2022 Trans Tasman Gubbi Gubbi event, hosted by AO National Events and the Junior Development Team. It is a great honour to once again host this traditional and exciting event; which is the pinnacle for our Juniors after two years of minimal national competition.

This three day competition is a great celebration of our youth and upcoming paddlers in their paddling journey, offering participation opportunities, along with athletic excellence, team work, camaraderie and leadership with all our talented outriggers in the pacific region. Comprising a full competition schedule, the regatta welcomes all Juniors. Seniors will have the opportunity to participate in V6 straights racing in an Opens category to be part of the event and support Juniors transitioning to Opens.

Michael Seay
President AOCRA Ltd

In conjunction with our major sponsor Sunshine Coast Council we welcome you to the very sunny Sunshine Coast as the most loved destination in Australia. The Sunshine Coast offers an array of attractions, tours and experiences, from wildlife encounters to getting lost in a hedge maze and embarking on a special tour. There is a veritable goldmine of activities. There are endless accommodation options available for all budgets. Go to visitsunshinecoast.com for more information. We invite you to race, play and stay.

I would also like to wish every participant the very best for their races and hope all the spectators have a wonderful long weekend watching and participating in the competition. I look forward to witnessing some great racing and enjoying the forming of new friendships and catching up with interstate and international paddling friendships.

While you compete with each other, we ask that you respect the same rules, share the ocean, the power and the spirit of outriggering with your fellow athletes.

Enjoy the experience everyone.
President AOCRA Ltd

History of Trans Tasman Gubbi Gubbi Waka Ama

The Trans Tasman Gubbi Gubbi Waka Ama outriggering competition has come a long way from the early days when it was known as the Gubbi Gubbi east coast junior outriggering championships. The very first competition came about after coaches Allan Rasmussen, Fred Gapes and Warren McNeich formed a team made up of Mooloolaba and Panamuna club members and competed in the 2004 world sprints in Hawaii.

As these juniors had been winning everything in Australia high hopes were held for the world sprints but we soon learnt that winning in Australia meant very little on the world stage. We came home with only one individual medal. So, from that valuable lesson it was decided Australian kids needed more racing. The sunshine coast junior paddling development was formed and the decision was made to put on a one off national junior only regatta in 2005 to be held at Lake Kawana.

Whilst we were overseas, we noted how other countries incorporated their culture into outriggering and thought how great for the kids to do the same in Australia. So we approached the local Gubbi Gubbi people to see if it was possible to incorporate their name and culture into the competition. They were happy for their name to be used and performed at our presentation. Our numbers in that first year were far beyond what we were expecting with around 70 kids coming along. For some of these paddlers it was their first race. Clubs were joined to make teams and friendships were formed.

It was so much fun that everyone started to talk about next year and so it kept growing. In 2006 we had a change of venue to double bay on Kawana Island but it was not received well by some of the locals so the following year it returned to the lake. In the beginning we offered both marathons and sprints over 2 days but as the numbers grew the event program had to be modified as time did not allow for the full range of events.

As the years went on and our juniors were taken to other countries, contacts were made and we started hosting teams from New Zealand and Cook Islands. The word quickly spread and soon we were hosting a number of teams from New Zealand, so in 2011 the name was changed to Trans Tasman Gubbi Gubbi Waka Ama. At that stage it was still hosted by the sunshine coast junior paddling development with the help of some parents and paddlers of local clubs. But with the numbers swelling towards 400 the decision was made to hand over the competition to AOCRA and AOCRA junior development committee to run and started recruiting helpers from all clubs that had juniors.

Today we offer a new range of events and have extended it out to 3 days to incorporate all the races.

This traditional Trans Tasman event offers all our Juniors the opportunity to experience quality sprinting in a positive race environment that fosters healthy competition to become the very best version of you when paddling and representing your club, whanau and country.

This is a three day event which will include on land and on water competition to have fun together, support each other to participate in all activities and races. Allow us time to make new friendships and catchup with our mates as we all come together for a cultural evening to share our background of who we are and why we love paddling, outriggering, the traditional rudderless outrigger known as: waka, vaka, outrigger canoe, va'a, wa'a.

Would you like to be an Event Volunteer

As we all know, events can only be run with the help of many hands, if you would like to volunteer during this event please let email: aocra.events@aocra.com.au We would like to know what days and times you are available and if you have any special skills.

We will be putting together a canoe handling roster for this event.

This will be based on how many competitors your school, club has, for every 5 paddlers you will be asked to provide 1 volunteer per shift to assist in canoe handling we will of course take in to account those clubs who have volunteers assisting in all the other areas needed to run this event ie judging, timing, starting, marshalling etc
