IVF WORLD ELITE CHAMPIONSHIPS

- Teams will be representing their IVF Member country region
- Countries may enter 1 team per category
- Only the following categories will be recognised
 - Junior Development J19 male and female V6 500m & V6 1000m
 - Elite (Open) male and female V5 500m & V6 1500m
 - Para Va'a Mixed – minimum of 2 females per V6 and 4 females per V12 V6 500m, V6 1500 V12 500
- Countries may enter 1 x V12 per gender (excluding Para Va'a)

SELECTION TRIALS

Elite selection trials will follow National Titles racing on Sunday 2nd February. We invite U16's, U19's, Opens, Master 40's and Para athletes to attend. A squad of up to 9 paddlers per division will be selected at this trial. Selectors will be onsite at Nationals Sprint Titles; selectors can approach paddlers from all divisions outside of those paddlers who complete and return the attached Elite application in order to select the best possible squads. It is the individual paddler's responsibility to inform their club of their intent to participate in the Elite Program.

If interested in representing Australia in the Elite competition at IVF World Sprint Championships in Hilo, please complete and return the attached form.

AOCRA board, coaches and selectors will endeavour to put our best teams forward with paddlers who are committed to the elite program.

Please do not hesitate to contact me if you have any queries or require further information.
